Anna Spinato

AZIENDA VINICOLA WINERY

Zero Blush is the new rosé non-alcoholic sparkling drink by Anna Spinato. Starting with Glera and Raboso grapes, the must is then stored at freezing temperatures to avoid any alcoholic fermentation.

The nose is intense, markedly fruity, with notes of pomegranate, raspberry, red rose and bergamot flower which meld together generating a sophisticated and effervescent bouquet.

Its flavour is delicate with the unmistakable scents of fresh grapes. Sip extremely pleasant and convivial, great for summer afternoons, to share with friends for happy alcohol-free moments.

It is presented in a diamond bottle with a pink-purple foil label which magically changes colour according to the movements of light and tells how **Zero Blush is the starting point from which everything else springs**: the origin.

A shiny drink both inside and outside, ready to light up the toasts of consumers around the world!
